

SPIRAL2 Week 2012
Centre de Congrès - Caen, January 23rd – 26th, 2012

FIRST CIRCULAR

The 5th edition of the SPIRAL2 Week will be held from January 23rd to 26th 2012 in the Centre de Congrès, Caen (France).

The main goal of the meeting is to present and discuss the current status of the SPIRAL2 project in front of a large community of scientists and engineers.

The program of the meeting will include presentations on scientific and technical developments related to the baseline project, experiments and theory.

The main topics to be discussed at the conference are:

- Driver Accelerators
- Production of RNB
- Safety
- RNB Facilities Worldwide
- FP7 SPIRAL2 Preparatory Phase
- Physics with RNB

Information including preliminary schedule (updated regularly) and registration form is available on the website:
